St. John's International Airport Authority Creates Festive Atmosphere for Holiday Travellers

St. John's, NL, Wednesday, December 9, 2015 – St. John's International Airport Authority has created a festive atmosphere in the Airport Terminal Building for the thousands of holiday travellers and their greeters leading up to the holiday season. In addition to the decorations that incorporate popular mummer displays that celebrate a Newfoundland Christmas tradition, there is a roster of events scheduled throughout the month that includes live musical performances and a Christmas movie series.

"Music is such an important part of the holiday season, and we're delighted to showcase the multitude of talent that exists in our community," said Marie Manning, Director of Marketing and Business Development with the St. John's International Airport Authority. "While we have many scheduled performances to entertain passengers and guests throughout the month of December, we expect and encourage impromptu performances by visitors to the Airport who utilize the public piano, provided by Business and Arts NL. The piano has been a wonderful addition to the Airport."

The Airport Authority is once again collecting non-perishable items for the Community Food Sharing Association to help those in need during the holiday season. The drop-off box is conveniently located in the Atrium on the first floor of the Airport Terminal Building, and the Authority is kindly asking those visiting the Airport to consider donating an item.

A list of entertainment throughout the month includes the following:

- **YYT Movie Series** - many family-friendly movies will be playing throughout the holidays and include movies such as Frozen, How the Grinch Stole Christmas, The Muppet Christmas Carol, The Santa Clause, Santa Clause 2, and Arthur Christmas. These will be showing on Level One of the Airport Terminal Building.
- A schedule of musical events is listed below. These will take place in the Atrium area, located on Level One of the Airport Terminal Building
