### **Authority Reaches a Tentative Agreement with PSAC**

ST. JOHN'S, NL, July 09, 2013 – We are pleased to have reached a tentative agreement with PSAC to settle the ten-month strike involving the employees of St. John's International Airport Authority. This tentative agreement must be formally ratified by both parties, and until the ratification process is complete, the details of the agreement will not be made public.

We appreciate Minister Raitt's interest and the assistance of Federal Mediation & Conciliation Services, who has served the parties well in this dispute. We look forward to our employees returning to work in the near future and getting back to normal operations.

*St. John's International Airport Authority is a private, not-for-profit organization with the mandate to provide the region with a safe, cost-efficient transportation facility that is a catalyst for economic growth.
